SUMMARY

Computer Science Engineering student with hands-on experience in ML, data, and security tools, ERP digitization, and quality assurance, plus operations, product, and sponsorship work for startups and teams of 80+. Founder of The PulseEngine, an open-source developer community. Ranked 17 of 4,000 at the IIT Bombay National Entrepreneurship Challenge 2025.

EDUCATION

B.Tech, Computer Science and Engineering | Vijaybhoomi University | GPA: 8.1 / 10 — Sep 2024 - Expected 2028

EXPERIENCE

Technology and Operations Intern | Sanjay Electrical Enterprises — May 2026 - Jun 2026

- Led end-to-end ERP digitization (quality assurance, billing, documentation) and delivered a vendor-evaluated ERP platform now adopted for rollout, plus the owner's automation roadmap that now guides ongoing strategy.
- Designed a tap-first square-foot billing model and process redesigns that cut manual work in billing, costing, quotations, and tenders.
- Logged 50+ bugs and security issues as actionable tickets, wrote adopted finance and compliance guides (GST, Ind AS 115, MSMED Act), and digitized tender handling across 3+ sites.

Founder | The PulseEngine — Mar 2026 - Present

- Founded and grew an invite-only open-source developer community to 10+ active members across a GitHub organization and Discord, building local-first, privacy-respecting software under the MIT license.

Brand Partnership Management Intern | Medinventory — Jan 2026 - Mar 2026

- Researched 30+ brands, pitched 60+ prospects, and closed 12 sponsors while owning pitch materials, onboarding, and execution.

Outreach Manager | FundNexus Pvt. Ltd. — Mar 2025 - Dec 2025

- Worked with the CEO on investor pipeline and strategy; sourced 30+ startups, grew the investor network by 250+, and moved 20+ deals to contract-ready through a centralized deal tracker.

Operations Co-Head | Kanyathon (Mumbai Division) — Oct 2024 - Dec 2025

- Led 80 volunteers on a one-month timeline across sales, sponsorships, and logistics; raised INR 20 lakh+ in sponsorships.
- Built the full sales pipeline (prospecting, costing, follow-ups): 100+ CSR outreaches, 30+ warm leads, 5+ qualified prospects.
- Negotiated with senior corporate stakeholders and designed volunteer incentives to improve outreach results.

Secretary and Sponsorship Manager | Vijaybhoomi E-Cell — Sep 2024 - Present

- Secretary since Nov 2024; secured INR 2 lakh+ for Elevate 2.0 and drove roadmap planning to the IIT Bombay E-Summit finals.

SIP Volunteering Intern | DBM India — May 2024 - Jun 2024

- Co-designed a Grades 1-5 education pipeline, profiled 150+ students in 3 communities, and wrote 2 guides used by 30+ staff.

PROJECTS

- **bruhswer** (Python, PowerShell, Windows Security): Fail-closed Edge security wrapper that verifies firewall, sandbox, and signature controls before launch and blocks it if one fails; 17,000+ lines, zero dependencies, 358 test assertions.
- **Market Intelligence Platform** (Python, Streamlit, Pandas, Plotly, NLP, Docker): Live dashboard scoring 24 assets from -10 to +10 on 6 price and news-sentiment signals from 12 RSS feeds; 30-minute scans, backtesting, no paid APIs.
- **Digital Footprint Cleaner** (Python, Flask, SQLite, Web Security): Finds personal-data exposure across 30+ data brokers and 17 platforms and writes GDPR, CCPA, and DPDP removal requests; CSRF, strict CSP, rate limiting, 300+ tests.
- **Correlation Engine** (Python, Statistics, GitHub Actions): Serverless daily pipeline running ~4,875 hypothesis tests on 26 news, market, and government series, with Benjamini-Hochberg FDR and a placebo panel to expose false positives.
- **NCAA Basketball Outcome Predictor** (Python, Scikit-learn, Flask, MLOps): Self-improving pipeline on ~2,900 ESPN games that trains 6 models and deploys the best by ROC-AUC; fixed data leakage (AUC 0.97 to honest 0.74); auto-retraining and rollback.

SKILLS

Languages and Tools: Python, SQL, Flask, SQLite, Git, GitHub Actions (CI/CD), Linux CLI, PowerShell, Docker, Infrastructure as Code (IaC)
Core CS: Data Structures and Algorithms, OOP, DBMS, Operating Systems, Computer Networks
Data and ML: NumPy, Pandas, Scikit-learn, XGBoost, Matplotlib, Plotly, Streamlit, EDA, Classification, Clustering, NLP, Hypothesis Testing
Operations and Product: ERP Implementation, Quality Assurance, Vendor Evaluation, Requirements and Feature Specs, Process Improvement, Technical Documentation, Roadmapping, Sprint Planning, KPI Tracking, Stakeholder Communication
Business and Finance: Billing Systems, Cash-Flow Analysis, Indian Compliance (GST, Ind AS 115, MSMED Act, RA Bills), Investor Outreach

CERTIFICATIONS

ISC2 Certified in Cybersecurity (CC), 2024 | Google Cloud Cybersecurity, 2025 | IBM Data Engineering, 2025

AWARDS AND ACTIVITIES

- Rank 17 of 4,000, National Entrepreneurship Challenge 2025, IIT Bombay E-Cell (6-month nationwide competition)
- Volunteer of the Month, DBM India, Jun 2025 (SIP performance as Vijaybhoomi University representative)
- Open Source Contributor, OWASP | Member, VU MARCOM Committee (University Newsletter) | Volunteer Editor, Wikipedia
